- Integrating VMware Horizon Resources
- Unified Endpoint and Identity Management
- Application Access and Security
- Single Sign-On for Applications
- Secure and Configure Endpoints
- Email Configurations
- Content and Resource Implementation
- Analytics and Reporting

Ziele

In this five-day course, you will configure and secure unified endpoint activation, registration, and authentication. You will learn how to integrate industry-recognized enterprise technologies with VMware Workspace ONE. Through a combination of hands-on labs, simulations, and interactive lectures, you will learn how to configure and manage the endpoint lifecycle. The principles of enterprise mobility, unified endpoint, and identity management are addressed throughout the course. You will leave the training empowered with the foundational skills and knowledge needed to effectively implement Workspace ONE.

- **Product Alignment**
 - Workspace ONE
 - Workspace ONE UEM®
 - Workspace ONE Identity Manager
 - VMware Boxer?
 - VMware AirWatch® Content Locker
